

September 20 | Please pray for *Community House Damaris*. This healing community provides safe housing and long-term therapeutic recovery programs designed to guide sexually exploited and trafficked women, from 18 to 29 years of age, to a restored life in Christ.

September 21 | Lutgarda is a **national leader overseeing the AMG-supported child development centers** located in **Lima, Peru**. Her administrative gifts, teaching background, and deep love for the children enable her to serve with compassion. Please pray for a sponsor to come alongside Lutgarda to help support her family as she continues to help meet the deepest needs of her community.

September 22 | Today, **Bulgaria** celebrates its **Independence Day**. Praise the Lord for our Bulgarian national leaders ministering to their people who are enslaved to orthodoxy and tradition.

September 23 | Please pray for a sponsor for **Jessika**, a 14-year old girl living in **Indonesia**. Her father is a daily wage laborer who works very hard to provide for his family, but his income is not enough to meet all of their needs. Their rent alone requires almost half of his paycheck. A sponsor will help provide Jessika with nutritious food, a good education, and most importantly, ongoing discipleship.

September 24 | Praise the Lord for blessings during this uncertain time. Many families in our child and youth development program are seeing increased family bonding and growth in their relationships with God. Even during these hard times, God is working!

September 25 | **Emily** is a quiet and kind girl living in **Colombia** with her grandmother in a community that is filled with violence, drug activity and alcoholism. Emily's grandmother has expressed the need for a safe place for Emily to go during the day. At the **Palmas del Mirador Child Development Center**, Emily can have a safe place to learn and play while she receives nutritious food, clothing, educational support and medical care. Most importantly, Emily will be taught from the Bible and receive love and care from the center's staff. Please pray for a sponsor for Emily.

September 26 | Please lift up all of our **female national leaders** who are boldly and faithfully serving their communities and advancing the mission of the gospel. We are thankful to partner with such Christ-like role-models.

September 27 | Shortly after becoming a Christian, **Nan** joined **AMG Thailand**, serving in a clerical capacity. As her passion for sharing the Good News of Jesus grew, she resigned from her office position to become a **national leader** involved in full-time evangelism. She has a special heart for the Poe Karen people, and is busy establishing relationships and forming ministry groups in their villages. Please pray for a sponsor for Nan who would help her continue her ministry.

September 28 | Praise the Lord and **happy birthday** to **AMG missionary Martha Magallón** who **ministers to youth** in **Mexico** alongside her husband. Please pray for God's blessings, guidance and wisdom over this next year of her life.

September 29 | Please pray for a sponsor for **Bernalie**, a little girl living in **Haiti** with her family. Her parents are unemployed, and sometimes there is no food for them to eat. They cannot afford their children's education or medical expenses when they are sick. Through a sponsorship, Bernalie will receive an education, nutritious meals and medical attention when necessary. Most importantly, she will learn about God and His Word.

September 30 | Please pray for the **safety of AMG missionary Mary Restrepo** and her team as they minister to young girls and women on the streets of Spain. They help many women who are trapped in human trafficking.

**Thank you for your faithful prayer support.
We appreciate you!**

MEETING THE
DEEPEST NEEDS

SEPTEMBER 2020

MEETING THE
DEEPEST NEEDS

PRAYER
& PRAISE

*“We are compelled by Christ’s love
and His commission to make disciples
among the nations.”*

September 1 | Please pray **Shayanti**, a sweet girl from **Bangladesh**, receives a sponsor. Her father provides for her family as a day laborer, but his income is not enough to fully support them. Shayanti's family is Hindu, and sponsorship will provide the opportunity for her to learn about her loving Savior Jesus Christ, and receive an education and nutritious meals.

September 2 | Please pray for AMG's new **President of Engagement, Brian Dennett**. Brian has been serving with AMG Guatemala as the national director for 14 years and is now joining us at the home office in Chattanooga, TN. Please pray for his family during this transition and for his work as he leads our organization to better meet the deepest needs.

September 3 | Please pray for a sponsor for **Nadege**, a **national leader** serving with **AMG Haiti's medical ministry**. Bethesda Medical Center is an essential outreach in a rural area where medical care is otherwise virtually inaccessible to most families. Nadege is a nurse at the center who provides care and compassion to those in need.

September 4 | Tomorrow is the **International Day of Charity and Giving**. We want to thank our donors for their faithful and generous support, and we pray for those who give of their time and treasures for people desperately in need.

September 5 | Praise the Lord and **happy birthday** to **AMG missionary Lea Betts**, who serves in northern **Thailand**, where she and her husband have been working with nationals on a Bible translation for their village's local dialects. Please pray for God's blessings, guidance and wisdom for her over this next year of life.

September 6 | Please pray for a sponsor for **Jessica**, a little girl living in the **Philippines**. Before coming to **Home of Hope**, Jessica lived with her parents and seven siblings in a one-room house, made of scrap wood, with no electricity or access to clean water. Jessica's mother has a disability but tries to provide an income through housekeeping. Jessica's father works as a daily wage laborer on a sugar farm. With low wages and nine mouths to feed, Jessica's needs are oftentimes overlooked. When she arrived at **Home of Hope**, she was malnourished and lacked adequate clothing. By living at **Home of Hope**, Jessica can receive sufficient meals, medical care, clothing and a good education. Jessica needs three sponsors to help her grow and develop in her new home.

September 7 | Please pray for **India, Pakistan** and **other countries in the region**. They are facing a growing **food crisis** as a result of food production being slowed **because of COVID-19**. On top of that, a desert locust plague has brought harvesting to a halt in many areas.

September 8 | Today is **International Literacy Day**. Please pray for the students in our programs who are currently learning how to read and write. Please also lift up the 773 million illiterate adults around the world.

September 9 | Please pray for all **those affected by human trafficking** throughout the world. We pray for their freedom, recovery, faith and for the resources to help identify those desperately in need.

September 10 | **Buddala** is a little girl residing in **India** with her family. They live in dangerous conditions in an impoverished neighborhood. Her father works as a driver and does not make enough to consistently send Buddala to school. Please pray for a sponsor who will help her parents afford the Bible training, education and nutritious food that our child and youth development centers provide.

September 11 | Please **pray for America** today as we **remember 9/11**. Pray for God's comfort for those who have suffered loss, and for love for all, especially during these turbulent times in our country.

September 12 | Please lift up in prayer **church communities worldwide** who are opening their doors for prayer, praise and the teaching of God's Word, while navigating the COVID-19 pandemic. Please pray for their safety, growth and faithful service to the Lord.

September 13 | Please pray for a sponsor for **Soledad**, a **national leader** in **Peru**. She met the Lord together with her husband, Carlos. Missionaries from the United States taught and led her and her husband through their first year as Christians. This faithful missionary couple greatly impacted Soledad and Carlos' lives as they were shown how to live in faith and hope. Soledad now serves at an AMG-supported child and youth development center in Huaraz, Peru. God has used the difficult circumstances she faced as a child to give Soledad compassion and a unique ability to minister to the children with whom she works.

September 14 | We pray for **Mexico** as it **recovers and rebuilds after a series of strong earthquakes**. The COVID-19 pandemic has made conditions difficult and

increasingly dangerous as residents start the process of rebuilding within close proximity of one another.

September 15 | Today is **Independence Day** in **Guatemala**. We want to thank God for our faithful national leaders, and pray for the children being served, taught and ministered to at our AMG Guatemala child and youth development centers.

September 16 | Please pray for AMG's staff serving at the **Bahay Silungan Shelter** as they **combat the sexual abuse and exploitation of children**. Because there is a growing number of exploited children in the Philippines, coupled with a lack of available services, we need to expand our current facilities. Please pray that God will provide supporters for our expansion initiative, which will allow us to grow our services to help up to forty children who have been victimized by exploitation and sexual abuse.

September 17 | **Teodora** is a **national leader** who shares Christ's love as the **director of Diaconia Medical Center**, an AMG-supported facility in **Romania**. The center has established a strong reputation in the community for quality and compassionate care. Patients are presented with the gospel in the clinic and have opportunities to attend Bible studies conducted in the waiting room. Please pray for a sponsor for Teodora.

September 18 | Please pray for AMG International's **Dorcas Ministry** in **Uganda**. The ministry began in response to a need to **keep teenage girls in school and raise them up in the Word**. Young girls at the AMG child and youth development centers come from low-income families with limited resources and few role models. Their parents or guardians often abuse these girls. If not for this ministry, many would be destined to drop out of school at a young age and forced into hasty marriages that lead to early pregnancy and exposure to HIV/AIDS.

September 19 | Please pray for a sponsor for **Daysi**, a little girl who lives in **Peru**. She lives with her mother and siblings in her grandparents' house after her father left the family. Daysi's mother works odd jobs when she can find them, but she has no consistent income. A sponsorship would allow Daysi to receive nutritious meals, tutoring, clothes and medical care while attending AMG's local child development center. Most importantly, she will learn and grow in her knowledge of her heavenly Father.
